

EH FACTORY  
IS RELIABLE

TO KEEP YOU GOING STRONG

# USE OUR PRODUCTION CAPACITY

are you afraid of production losses due to machine downtime? In that case use our machines. EH Factory will support you in times of Corona and serves you as an extended workbench.

What does that mean? Quite simply, that we process orders on **your behalf** and **according to your requirements – on time** for individual components and/or small series.

You wish to produce but are not able to? In that case use our services in the manufacturing of individual parts and small series:

- ✓ **shaft processing**  
up to 1.500 millimeters
- ✓ **cases** up to 500 millimeters
- ✓ **cones and drillings**
- ✓ **grinding** between 50 up to 1.500 millimeters, cylindrically and inside
- ✓ **turning** of parts between 700 x 6.000 millimeters
- ✓ **laser welding**

We are here for you. Even in times of the corona crisis.

— WOLFGANG HEINISCH  
COO, EGIN-HEINISCH

ITEMS AND  
SMALL SERIES

AVAILABLE AT  
SHORT-NOTICE

Our machine park is large, our **capacities** will be **sufficient**. We produce single components as well as small series whenever you need us.

Bring your production sample and we will measure and (re)produce it – without a sketch and in **high precision** and **quality**. For us, a precision of 0,002 millimeters is a matter of course.

**QUICK AND ON TIME**

# YOU CAN RELY ON US

At the moment there are no closed borders for our company. Our service teams have obtained entry permits to nearly all European countries which allows us to work for your company wherever you want.

The same applies to the supply of parts and therefore our whole logistics. When it comes to payment we present ourselves as a fair and reliable partner or to put it into other words: we will find a solution.

## WHEN IT COMES TO YOUR COMPANY ANY QUESTIONS?

In that case don't hesitate to contact us. Whatever the subject is, Dr. Ingo Gelhaar an Wolfgang Heinisch would love to hear from you.

## ON DEMAND

Use our services in the manufacture of **individual parts** and **small series**
